PART 1: ACTION REQUESTED

A Special Land Use may only be permitted in a zoning district which specifically permits the proposed special land use, as delineated in Articles 10 – 15 of the Zoning Ordinance. This application is for the following proposed special land use:
Club in C-1 zoning district. This use may be permitted by special use approval under the Zoning Ordinance, Artricle 12, C(3). See Exhibit A.

PART 2: PROPERTY INFORMATION

A. **Legal description and acreage of property affected:**
LOTS 5 & 7 BLK 1 VILLAGE OF LELAND SEC 9 T30N R12W 0.23 A M/L (Parcel No. 009-750-101-00). The parcel contains two buildings, and only the North building is the subject of this application.

B. **Address of Property:** 110 N Lake Street, Leland, MI 49654

C. **List of all deed restrictions:** _____

D. **Names and addresses of all other persons, firms, or corporations having a legal or equitable interest in the land:**
1) Grand Traverse Distillery has a lease for a portion of the north building, which terminates 11/30/25. 110 N Lake St., Leland, MI 49654
2) Youth for Christ (YFC) (Lease for north building beginning December 2025). PO Box 1810. Parker. CO 80134-9992
3) _____

E. **This property is:** unplatted or **platted** (circle appropriate answer)
If platted, name of Plat: Village of Leland

F. **Present use of the property is:** Leelanau county youth club center for Youth for Christ (YFC) programs. A portion of the North building is currently leased by the Grand Traverse Distillery, which terminates 11/30/25

G. **Existing zoning classification of the property is:** C-1 Village Commercial

H. **If any existing structure(s) are nonconforming, check all of the following applicable reasons below for the nonconformity for each such structure:**

height _____	rear yard setback _____
floor area _____	side yard setback _____
front yard setback _____	side yard setback _____

PART 3: SUPPORTING DOCUMENTS

A. **Site Plan:** The applicant must submit, as part of this application, 15 copies of a site plan for the proposed special land use. The site plan must meet the requirements of Section 6.03(B). See Exhibit B

B. **Sewage Disposal:** In the case of a land use permit for buildings proposed for human occupancy or required by law to have plumbing fixtures, the applicant shall include with this application a report from the Leelanau County Health Department certifying in writing the approval of a private sanitary sewage disposal system and its location. Where public sanitary sewer service is available or required by local ordinance or state law, the applicant shall include with this application a written notice of acceptance of the proposed land use for sewer service or hook-up fee receipt.

C. **Water Supply:** When a private water supply system is required by law or proposed by the applicant, the applicant shall include with this application a report from the Leelanau County Health Department certifying approval of the water supply system. When a municipal or public water supply is required by local ordinance or state law, the applicant shall include with this application a written notice of acceptance of the proposed land use or hook-up fee receipt.

PART 4: BASIS FOR DETERMINATION

A. **Please attach one or more pages to this application providing responses to the following questions** (See Section 16.01):

1. Will the use be harmonious with and in accordance with the general principles and objectives of the Comprehensive Development Plan of the Township?
2. Will the use be harmonious and in accordance with the general objectives, intent, and purposes of the Leland Township Ordinance.
3. Will the use be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and will the use change the essential character of the area in which it is proposed?
4. Will the use be hazardous or disturbing to existing or future uses in the same general vicinity?
5. Will the use be served adequately by essential public facilities and services, such as highways, streets, police, fire protection, drainage structures, refuse disposal, water and sewage facilities and schools?
6. Will the use involve uses, activities, processes, materials and equipment or conditions of operation that will be detrimental to any person, property or general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors?

H. Will the use meet the site plan requirements of Article 6?

J. Will the use comply with all applicable county, state and federal requirements for that use?

K. If this application is for a Planned Unit Development (see Section 7.01(A)(1)):

1. Does the planned unit development encourage the use of Township land is accordance with its character and adaptability?
2. Does the planned unit development assure the permanent preservation of open space, woodlands, and other natural resources?
3. Does the planned unit development allow for innovation and greater flexibility in the design of residential developments?
4. Does the planned unit development facilitate the construction and maintenance of streets, utilities, and public services in a more economical and efficient manner?
5. Does the planned unit development ensure compatibility of design and use between neighboring properties?
6. Does the planned unit development encourage a less sprawling form of development, thus preserving open space as undeveloped land the overall design and land uses proposed consistent with the intent of an open space development?

See Exhibit C

PART 5: AFFIDAVIT

I (we) the undersigned affirm that the foregoing answers, statements, and information are in all respects true and correct to the best of my (our) knowledge and belief. I (we) the undersigned understand that the approval applied for, if granted, is issued on the representations made herein and that any permit subsequently issued may be revoked because of any breach of representations or conditions, or because of the lack of continued conformance with zoning ordinance requirements.

EXHIBIT A
PROJECT DESCRIPTION

Leelanau Youth for Christ ("YFC") Youth Club Center; Leland, MI

1. **Narrative of Use.** The property consists of Lots 5 and 7 located in the plat of the Village of Leland. Located on the property are two commercial buildings. The north building, which is the subject of this application, is approximately 2,470.2 square feet. The property was acquired by its current owner, Apollos Properties, LLC, in February of this year. Prior to acquisition, both buildings were used for commercial/retail. Both buildings are served by public sewer. The buildings share a private water well. The property was acquired in February 2025 subject to inspection and approval of both the well and sewer. The owner does not intend to alter the existing use of the south building but proposes to use the north building to accommodate the Leelanau Countywide Youth Club Center for Youth for Christ ("YFC") programs. YFC would occupy the north building for this program under a five (5) year lease. The property is located in the C-1 District and clubs are a use permitted in this district via special land use permit.

2. **Description of Tenant and Program Sponsor.** The tenant at the property is Youth for Christ (YFC) which is a 501(c)(3) charitable organization. The parent organization has been a 501(c)(3) since 1954. Charity Navigator gives it a score of 100% earning it a 4-star rating (out of 4). It also has a platinum rating for Guide Star Candid which is America's largest and most utilized independent evaluator of charities. Youth for Christ is a worldwide (over 100 countries) Christian organization working with young people around the globe. YFC has over 130 chapters across the country and 10 chapters in Michigan. YFC's program models include Juvenile Justice, Teen Parents, Deaf Teen Quest, City Life, Campus Life Military, and Campus Life. Campus Life is the model used in Leelanau County. Since 1944 it has been working with 11–19-year-olds. Billy Graham was an early leader of YFC, and he held YFC rallies in the 1940's. "Since then [1940's]

YFC has been empowering community leaders to build relationships with young people everywhere—it's our aim to walk with young people through their story, and to be a friend and mentor. Campus Life leaders seek to cultivate connection and community for young people and reach them where they are."

3. **Hours of Operation.**

    1. Summer:

        1. Wednesday: 10:00 am–4:30 pm,
        2. Thursday: 12:00 pm–9:00 pm,
        3. Friday: 12:00 pm–4:30 pm,
        4. Saturday: 12:00 pm–4:30 pm,
        5. Sunday: 6:00 pm–9:00 pm.

    2. School year:

        1. Wednesday 9:00 am–12:00 pm,
        2. Friday 6:30 am–8:00 am,
        3. Sunday 5:00 pm–8:30 pm.

5. **Activities.**

    1. Creative programs that encourage a balanced life—mentally, physically, spiritually, and socially.
    2. Build healthy relationships with 11–19-year-olds, help young people make good choices, establish a solid foundation for life and positively impact their communities based on biblical values.
    3. Provide opportunities for 11–19-year-olds to build and experience community with their peers

4. Mentorship and student leadership development opportunities overseen by caring adults

6. **Ages Served.**

   1. 11–19-year-olds for YFC club
   2. 18+ for Adult Prayer Club

7. **Adult Supervision.** Yes. At all times.

8. **Average number of Youth Members in Attendance.** 25

9. **Food & Beverage.** Yes. Petitioners are working with the Health Department.

10. **Club Membership.** The property is not open to the public. Admission will be confined to adult supervisors and members of the local YFC chapter and their guests.

EXHIBIT B
SITE PLAN WAIVER REQUEST

Petitioner requests a waiver of all waivable site plan requirements under the Leland Township Zoning Ordinance section 6.03(B)(20). Specifically, Petitioner believes the following findings under 6.03(B)(20) are applicable:

1. The requirements are not applicable to the proposed development.
2. The data will serve no useful purpose and/or no good public purpose will be achieved by requiring strict conformance with the listed requirement.
4. Another reasonable circumstance or condition exists.

Petitioner intends to use the property as a countywide youth club for Youth for Christ (YFC) programs. No new construction, renovations, or updates are being done to the existing building or its systems. All that is changing is the use of the subject property to become a club, which is a permitted used under the Zoning Ordinance § 12.01(C)(3). It is anticipated that the interior of the building will be remodeled and upgraded in the future, but there should be no significant alterations to the exterior of the building and the building's footprint will remain as-is. Because no structural changes will take place, Petitioner contends a site plan waiver is appropriate.

Petitioner has otherwise satisfied all the nonwaivable requirements under 6.03(B), including #1, #5, #6, #16, #17, and #19.

EXHIBIT C
PART 4: BASIS FOR DETERMINATION

1. Will the use be harmonious with and in accordance with the general principles and objectives of the Comprehensive Development Plan of the Township?

RESPONSE: Yes.

2. Will the use be harmonious and in accordance with the general objectives, intent, and purposes of the Leland Township Ordinance.

RESPONSE: Yes.

3. Will the use be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity and will the use change the essential character of the area in which it is proposed?

RESPONSE: The use will be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance with the existing or intended character of the general vicinity. The use will not change the essential character of the area in which it is proposed.

4. Will the use be hazardous or disturbing to existing or future uses in the same general vicinity?

RESPONSE: No.

5. Will the use be served, adequately by essential public facilities and services, such as highways, streets, police, fire protection, drainage structures, refuse disposal, water and sewage facilities and schools?

RESPONSE: Yes.

6. Will the use involve uses, activities, processes, materials and equipment or conditions of operation that will be detrimental to any person, property or general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors?

RESPONSE: No.

H. Will the use meet the site plan requirements of Article 6?

RESPONSE: Yes. Petitioner is requesting a waiver of the site plan requirement and has satisfied all of the nonwaivable requirements.

J. Will the use comply with all applicable county, state and federal requirements for that use?

RESPONSE: Yes.

K. If this application is for a Planned Unit Development (see Section 7.01 (A)(1)):

1. Does the planned unit development encourage the use of Township land is accordance with its character and adaptability?

2. Does the planned unit development assure the permanent preservation of open space, woodlands, and other natural resources?

3. Does the planned unit development allow for innovation and greater flexibility in the design of residential developments?

4. Does the planned unit development facilitate the construction and maintenance of streets, utilities, and public services in a more economical and efficient manner?

5. Does the planned unit development ensure compatibility of design and use between neighboring properties?

6. Does the planned unit development encourage a less sprawling form of development, thus preserving open space as undeveloped land the overall design and land uses proposed consistent with the intent of an open space development?

RESPONSE: Not applicable.

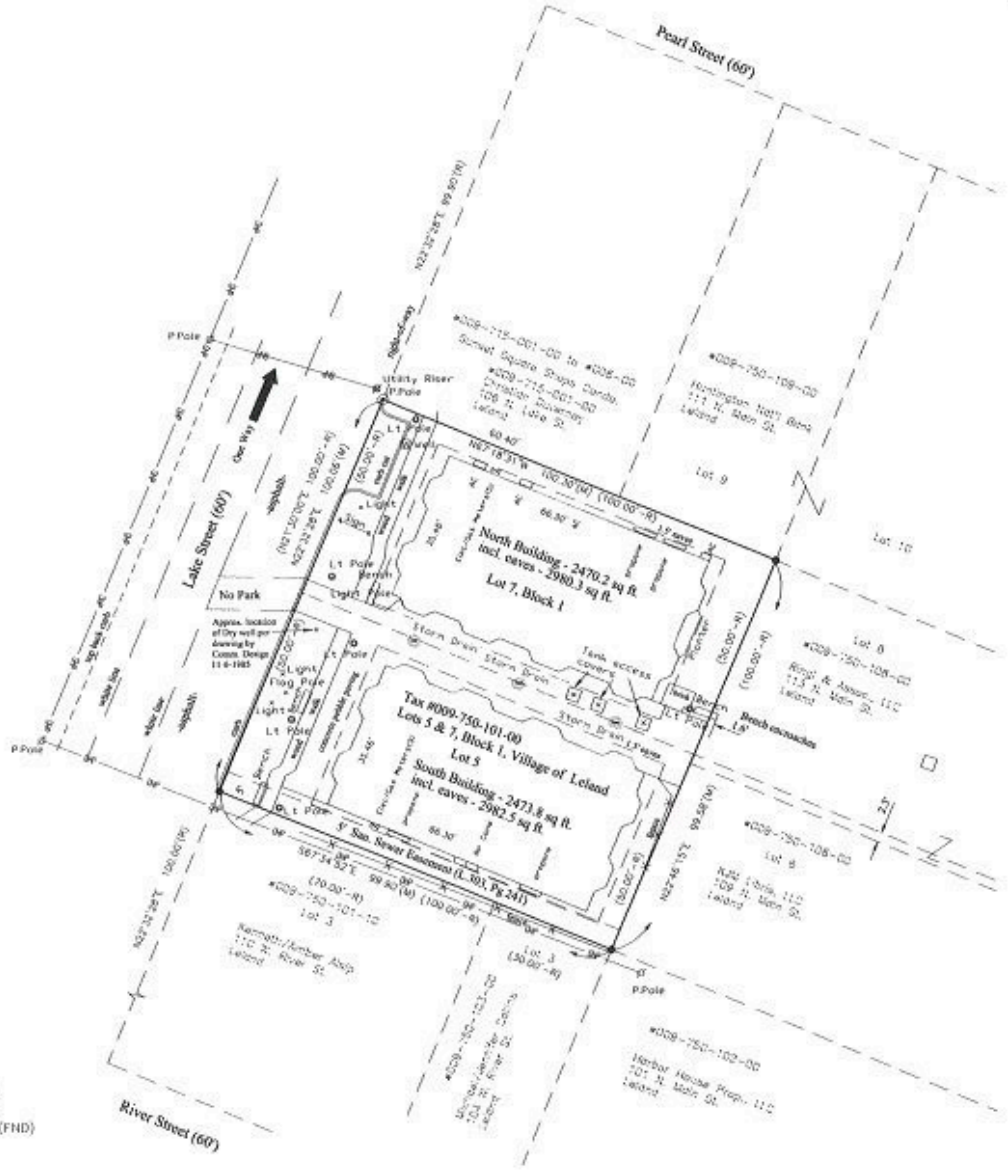

EXHIBIT D
STATEMENT OF ANALYSIS, LELAND TOWNSHIP ZONING ORDINANCE § 7.02(A)(2)(4)

Section 7.02(A)(2)(4) of the Leland Township Zoning Ordinance requires the following for special land use applications:

> Written statement of analysis regarding the estimated population holding capacity of any proposed residential land use, the anticipated impact upon community facilities, such as schools and infrastructure, the anticipated new traffic generation including available roadway capacities and impact upon neighboring land uses and streets, and the anticipated impact upon on-site and adjacent natural resources.

Petitioner is not proposing any residential land use, so the population holding capacity is not applicable. Petitioner does not anticipate any impact upon community facilities, such as schools and infrastructure, and does not anticipate any new traffic generation. Petitioner also does not anticipate any impact on neighboring land uses, streets, or the on-site and adjacent natural resources.

Tax ID#: 45-009-750-101-00 Evaluation Date: 01-07-2025 Owner: Miller

WELL COMMENTS:

The commercial buildings, are served by a 5" inch diameter PVC well(type III) with a pitless adaptor, and submersible pump. The well depth is unknown as no well record is on file with the health department. Water samples collected on 12-27-2024, were satisfactory for coliform bacteria(absent), and nitrate/nitrite(ND mg/L). The existing well is located 64' from the Leland sewer tank, and approximately 15' from the Leland sewer main. The required type III well setbacks are 75' minimum to septic tanks/sewer mains. The health department will issue a variance to 75' minimum setback for the existing type III well, due to a general lack of room on the property. The Leland sewer system was installed after the well was installed. **The existing well head does not terminate 12" above existing grade to the bottom of the well cap. The well casing needs to be raised to achieve this. The well is considered unsatisfactory until the above requirements are met.** If the well is to be upgraded after closing or property transfer, the corrections must be made within 150 days of the closing date. An amount equal to one and one half times a septic contractor's bid must be placed into escrow for completion of work. The funds kept in escrow shall only be released upon confirmation, by this Department of the proper upgrades to the water well. **The health department shall be contacted for an inspection of the well head after the required work is completed. Any proposed change in use of this well shall be reviewed by the Health Department(This well does not meet Type II well setback requirements).** Periodic water testing is recommended, especially if the well is not used during long periods of time.

SEWAGE COMMENTS:

The business is served by the Leland Township Sewer system, which is regulated by the State of Michigan(EGLE), under a ground water discharge permit. Contact this department if you have any questions regarding this report.
